Thrive Family Friendly Practices

Developed by Thrive Laconia's
Business Ambassadors and Parent
Leadership Groups

What's a Family Friendly Workplace look like?

No two workplaces are the same, and there are big differences between a small 3-person firm and a corporation with hundreds of employees.

No matter what the size, more and more workers now look for employers who understand that an individuals' personal and professional life cannot always be compartmentalized.

Thrive Laconia has ideas about how to help.

How does it help the employer?

- Attract and Retain Qualified Employees
- Increase Employee Engagement
- Develop a Healthy, Capable Future Workforce
- Enhance the Brand

What's Easy and Low Cost?

- Flexible Work Schedules
- Flexible Time Off or Personal Time Off Programs
- Support for Nursing Mothers
- Encourage Child and Family Investment
- Child Care Subsidies
