

July 2017

The Carroll County Early Childhood Coalition (CCECC) once again helped to coordinate the Carroll County KReady Program, providing books and other school readiness materials to the 420 Carroll County children expected to enroll in kindergarten this fall. The Believe in Books Literacy Foundation continued their annual support of the program with the donation of 400 gently used and new books to give to all the children. Families also received information about fun activities to do with their children as well as information about the daily Vroom phone app that parents can download for suggestions of activities to do with their children to make everyday moments brain-building moments. Best wishes to all of our incoming kindergartners and their families this fall!
